HAZARDS

Please be aware of potential hazards on the course. Take care around old mine areas as there are many un-marked deep pits. There are numerous fences associated with the grazing area, please cross these carefully, if using gates, make sure that you leave them as you find them. There are some very steep areas (often with loose rocks underfoot), rabbit warrens, loose fencing wire, cliffs, high & steep creek banks. **Roads:** The Barrier Hwy bitumen road is the SE boundary of the map. Be aware of fast moving traffic and do not use the road or verge to travel along. Note that some tracks marked on the map do not exist on the ground and some tracks exist on the ground that are not shown on the map. Additionally, some marked tracks are indistinct.

SAFETY LOOP

The safety loop is marked on the map in red. Patrols will leave the HH at 8pm, 12pm & 8am. Look out for the 4WD with flashing orange light. Emergency phone contact: Administration - Satellite Ph No. **+81 077 6713367**.
