Teams: 4, 9, 11, 18, 24, 25, 34, 36, 41, 44, 48, 62, 65, 66 awarded control 80 after the event. The results on the day were announced as provisional due to a question around some teams being unable to locate Control 80 on the western flank. After the event the control marker was recovered from the correct location however at some point the control had slipped whilst being handled and fallen down behind the suspended log it was tied to. The SARA Committee has conferred and the decision made to award the points to all teams that recorded the two adjacent controls.
